For studio computing or network problems, use the number-letter grid to locate your nearest power pole. This is your Area of Building / Room Number. It will help us in identifying and solving problems.

Examples:
- “3B” = UG1 Fure
- “17C” = 3G2 Roddier

UG = Undergraduate / 2G = Graduate M.Arch 2G / 3G = Graduate M.Arch 3G

a number after the G denotes the term. e.g.:
- UG1 = 1st term UG / 2G3 = 3rd term 2G / 3G4 = 4th term 3G

MUD = Master of Urban Design / MUP = Master of Urban Planning
MSc = Master of Science
