Taubman College of Architecture & Urban Planning

Architecture Program

Course Waiver Form

I recommend that the following course(s) be waived as a degree requirement based on the student’s completion of equivalent work as noted below:

Name: _______________________________  UM ID ___________________________

Course(s) to be waived: ______________________________________________________

Institution where equivalent course work was taken:
________________________________________________________________________

Course number: ____________________________________________________________

Course title: ________________________________________________________________

Grade(s) received: __________________________________________________________

Instructor Signature: ________________________________________________________

Date: __________________________

**A course waiver only waives the course and NOT the credit hours needed to complete the degree. Students must make up the credits with another course.

Please return this form to the College Registrar 2150 A&AB when completed.
