

ARCSTART 2023

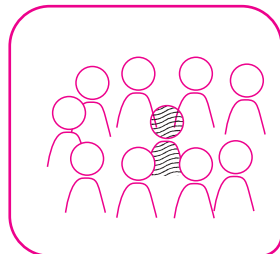

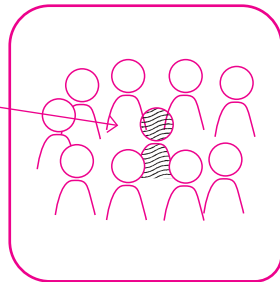

Taubman College of Architecture and Urban Planning University of Michigan

A Typical* Day

(Subject to Revision)

Each camper will belong to a specific **STUDIO** of 8-10 campers and **one instructor**. Campers will remain in these studio groups throughout the 3-week camp. Being in a studio is a unique aspect of studying architecture, where students will develop design and teamwork skills while also making lasting bonds.

BREAKFAST at Bursley Hall

9:00 am
Campfire
(all campers and staff)

10:30 am
Studio Meetings
OR
Skills Workshops

12:00 - 1:00
LUNCH at Bursley Hall

1:00 pm
Studio Meetings

3:00 pm
Studio Meetings
OR
Skills Workshops

5:00 pm: DINNER at Bursley Hall

We'll start each day with a **Campfire gathering** in the Taubman College Commons. All campers and staff will get together for activities, staff stories, and presentation of the architecture and design topic of the day.

After the **Campfire**, campers will break into smaller groups for **studio** or **workshop** time.

Studio Meetings, where everyone will work on their design projects.

Skills Workshops: Several workshops will be offered throughout the camp, enabling campers to choose specific skills and activities they'd like to learn more about. Some examples include live sketching, painting, and digital skill-building with specific platforms and programs.

*In addition, some days will also include special events such as guest lectures, visits to other facilities on campus, a field trip to Toledo, and a visit to a local architecture firm.
