

The policy for Taubman College of Architecture and Urban Planning grading for Fall 2020/Winter 2021 Graduate non-Rackham degrees is the following:

**The following modifications to Graduate grading will be in place for Fall 2020 and Winter 2021 terms:**

- Faculty will enter letter grades
- All Graduate Architecture (non-Rackham) students will have the option to change letter grades A through B- to “Pass”. This option is available for all classes.
- Students will make this decision after the letter grade is posted. The deadline for requesting a change from a letter grade to “Pass” is July 1, 2021 for the Fall 2020 term, and November 1, 2021 for the Winter 2021 term.
- This decision will be a one-time election; in other words, a student cannot convert a letter grade to “P” and later ask to go back to the letter grade, or vice versa.
- “P” grades can be used to satisfy requirements as long as the letter grades earned would meet the requirements. Other academic policies remain unchanged.
- Students are strongly encouraged to work with their academic advisors before deciding to convert a letter grade to a “Pass” to ensure doing so does not cause any unintended consequences given degree requirements or future plans.

**Students who receive “NRC” receive no course credits.**

- Neither “P” nor “NRC” will be factored into the GPA.
- Credits toward program will count for “P” grades. “NRC” grades will not.
- Architecture allows students to withdraw from a course at any time up through the last day of class and not have the course appear on their official transcript. The W grade will appear on the unofficial transcript.

**Choosing P/NRC or a letter grade.**

- Students will be able to view their grades via a new page in Wolverine Access Student Business that will display their Fall 2020 and Winter 2021 semester courses.

*P = Pass*

*NRC = No Record Covid-19*
