1. GENERAL INFORMATION

1.1 POSITIONS HELD

1999-present	Professor of Architecture, A. Alfred Taubman College of Architecture and Urban Planning, University of Michigan
2001-2015	Professor of Architecture and Women's Studies, A. Alfred Taubman College of Architecture and Urban Planning, University of Michigan
1987-1999	Associate Professor of Architecture, College of Architecture and Urban Planning, University of Michigan.
1996-1997	Faculty Associate (part-time appointment), Center for Research on Learning and Teaching, University of Michigan
1987-1992	Associate Dean for Academic Programs and Administration, College of Architecture and Urban Planning, University of Michigan.
1986-1987	Associate Professor, Department of Architecture, University of Wisconsin-Milwaukee.
1980-1986	Assistant Professor, Department of Architecture, University of Wisconsin-Milwaukee.
1979-1980	Design Research Consultant, Kaplan/McLaughlin/Diaz Architects, San Francisco, CA.
1974-1977	Designer, McCue Boone Tomsick Architects, San Francisco, CA.
1973-1974	Free-lance Designer/Writer, Berkeley CA.
1971-1972	Teaching Assistant, California Institute of the Arts, Valencia, CA.

1969-1970 Design Intern, Charles Moore Associates, New Haven, CT.

1.2 EDUCATION

1982-1985 Ph. D. Environmental Psychology, University of Surrey, England.

1977-1979 M. Sc. Environmental Psychology, University of Surrey, England.

1970-1972 M.F.A. Design, California Institute of the Arts, Valencia, CA.

1968-1969 M.A.T. (Master's of Arts in Teaching), History, Yale University, New Haven, CT.

1964-1968 B.A. History, Connecticut College for Women, New London, CT.

1.3 CONTINUING EDUCATION

1994-1999 Member, Seminar on Teaching, sponsored by the Provost's Office, University of Michigan
Steering Committee, 1995-96

1996-1997 Workshops at the Center for Research on Learning and Teaching, University of Michigan: Fundamentals of Lecturing; Interactive Lecturing; Teaching with Style; Using Groups; Gender, Authority and Credibility.

1989 Alumni Conference of the Bryn Mawr Summer Institute for Women in Higher Education Administration, Oakland University, Rochester, MI.

1989 Black and White Styles in Conflict, Human Resource Development, University of Michigan, Ann Arbor, MI

1987 Bryn Mawr Summer Institute for Women in Higher Education Administration, Bryn Mawr College, Bryn Mawr, PA.

1983 Teaching Enhancement Workshops (Lecture Techniques, Evaluating Student Writing), Center for the Improvement of Instruction, University of Wisconsin-Milwaukee, WI.

1969-1970 Coursework in the M.F.A. program, Graphic Design Department, Yale University, New Haven, CT.

2.4 HONORS AND RECOGNITION

2.4.1 Awards

2018 ARCC (Architectural Research Centers Consortium) James Haecker Award for Distinguished Leadership in Architectural Research. The Haecker Award, named in honor of ARCC's founding Executive Secretary, recognizes an individual who has made outstanding

contributions to the growth of the research culture of architecture and related fields including urban and regional planning, landscape architecture, and interior design.

Sarah Goddard Power Award, for distinction through leadership, scholarship and sustained service on behalf of women, University of Michigan, 1998.

Faculty Associate, Center for Research on Learning and Teaching (halftime appointment), University of Michigan, 1996-97.

Groat, L. (1995) Career Development Fund for Faculty Women (for faculty women whose time has been disproportionately allocated to service and/or teaching assignments), Office of the Provost, University of Michigan.

ACSA (Association of Collegiate Schools of Architecture) Service Award, for service as the East Central Regional Director, 1992-95.

ACSA Service Awards, for service on the editorial board of *Journal of Architectural Education*, 1989-92; 1992-95 (for service on two 3-year terms).

Faculty Recognition Award, Horace H. Rackham School of Graduate Studies and Office of the Vice President for Research, University of Michigan, 1992.

"IBM Santa Teresa Laboratory," *Print Casebooks 3: The Best of Environmental Graphics*, 1978/79 (Juried competition; project manager for environmental graphics).

"Honor Awards, 1978," *AIA Journal*, mid-May, 1978 (Juried competition; member of design team, with primary responsibility for color design and materials specification).

3. TEACHING

3.1 COURSES TAUGHT AS PRIMARY OR MAJOR RESPONSIBILITY

3.1.1 At University of Michigan

Arch 506 Game On! Participatory Processes for Architecture, Urban Design and Planning. This seminar course focuses on the history of and current use of games as a participatory device to engage communities in the process of design on projects of significance for users and the public. 2019-present.

Arch 506, Research for Design Practices. The course introduces MArch and MSc students to the basics of research in architecture, with a particular emphasis on applied research for practice., 2015-present.

Arch 506, 724, Theorizing Place. This course, offered for the first time in 2002, focuses on how a theory of *Place* can inform our understanding of three important environments in everyday life: home, neighborhood, and community, 2004-present.

Arch 582 (formerly Arch 506) Alternative Practices: This course offers students the opportunity to investigate the range of career roles in architecture and allied fields that are emerging as a consequence of the changing social and economic context, 1999-present.

Arch. 813 Research Design and Methods. This doctoral level course provides an overview of basic principles in research design and strategies for students from all subject areas of the doctoral program in architecture, 1993-2017.

Arch 824 Area Seminar in Design Studies. This doctoral core course provides in-depth readings and discussions in Design Studies, including Environment-Behavior and design process research, 2003-2014.

Arch 812 Theories in Architecture. This course examines the paradigms and schools of thought that frame the research enterprise, 2011.

Arch. 826 Area Seminar in Environment/Behavior. This doctoral core course provides in-depth readings and discussions in the E/B area, 1992-2002.

Arch 811-821 Orientation Seminar. This 1-credit doctoral core course has involved a combination of program faculty presentations and guest speakers, 2003-2007.

Arch. 712 Architectural Theory and Methods. This is the required, introductory core course for the Masters of Science program, 1995, 1997-2000.

Arch. 523 Theories of Meaning in Contemporary Architecture. This course examines recent developments in contemporary theory in architecture (post-1960) with particular emphasis on the issue of how architecture conveys meaning, 1988-96.

Arch. 316 Design Fundamentals. This is an introductory, required course in the first year of the professional program sequence; it is intended to introduce students to basic design principles and determinants of form, 1996.

Arch. 509 Creating Places: The Cultural Side of Architecture. This is an introductory course about the variety of ways in which people come to know, experience, manipulate, and inhabit their environments, 1993-94.

3.1.2 At University of Wisconsin-Milwaukee

Architectural Composition and Theory. This introductory, undergraduate course provides an historical perspective on issues of composition and theory.

Design Methods. This is a workshop course in which students are exposed to a range of design methods; the students then incorporate these methods in their design process as they work on weekly exercises.

Building Conservation. This lecture course introduces a range of topics, including: the cultural significance of conservation, legislative and policy issues, technical procedures, and design implications.

Building Conservation Studio. Course requirements for this senior/ graduate level studio include: 1) an historic documentation report and measured drawings for an historic building; 2) a financial feasibility study for an adaptive use of the building; and 3) a design for the adaptive reuse of and contextual addition to the same building.

Integrative Design Studio. This graduate studio emphasizes the effective integration of the wide range of issues that have impact on architectural form, including: design principles and composition, construction technology, and behavioral factors.

Environment-Behavior Studio. This graduate course emphasizes the role of socio-cultural and behavioral factors in design.

Urban Design Studio. This required undergraduate studio emphasizes the design of housing, informed by the analysis of urban fabric and housing types.

Smaller-Than-Building Scale Studio. This required undergraduate studio focuses on design issues such as: design and application of building systems components; small-scale temporary structures; and interior design.

3.2 COURSES TAUGHT AS PART OF MULTI-FACULTY TEAM

3.2.1 At University of Michigan

Arch 316 Design Fundamentals. In addition to teaching this introductory, required course as a major responsibility, I have contributed short and limited segments to this course in other years, 1995, 1997.

Arch 811 Doctoral Program Orientation Seminar. In years when I am not coordinating this seminar, I provide one session to introduce students to my current research. Coordinator:

Arch. 812 Theory in Architectural Research. This doctoral core course provides a basic foundation to the field of inquiry in architecture. I have often contributed 1 or 2 classes for each of two areas: history/ theory and environment/ behavior.

Arch. 823 Area Seminar in Architectural History and Theory. This doctoral core course provides in-depth readings and discussions in the history/ theory area. I regularly contributed two sessions to this class, 1992-1998.

3.2.2 At University of Wisconsin-Milwaukee

Architecture and Human Behavior. Contributions of lectures to this introductory course on such topics as: meaning, office environments, and proxemics.

Theories in Architectural Research. Seminar presentations for this core course in the doctoral program on such topics as: an overview to environment-behavior studies, structuralism and semiotics, cognition, and meaning in architecture.

Advanced Research Methods. Seminar presentations, including: interview methods, facet theory, and multi-dimensional scaling.

4. SERVICE

4.1 ADMINISTRATION

1987-1992 Associate Dean, College of Architecture and Urban Planning, University of Michigan. Five major areas of responsibility are described below.

4.1.1 Academic Program Development

Primary responsibility for the initiation of and revisions to the College's academic programs, including:

Administrative Coordinator, Work Group on Doctoral Education in Planning: Development of the Proposal to Transfer the Ph.D. Program in Urban, Technological and Environmental Planning (UTEP) to the College of Architecture and Urban Planning.

Chair, Planning Committee for Doctoral Education in Architecture: Primary responsibility for development of proposal for revisions to the Doctoral Program in Architecture for approval by the Horace Rackham Graduate School.

4.1.2 Strategic Planning

Primary responsibility for coordinating the College's strategic planning process and its final documentation. Specific responsibilities included serving as the primary author of the College's Strategic Plan document and as administrative coordinator of several faculty task force groups which were instrumental in the development of the strategic plan. These included:

Faculty Activities Task Force, Diversity Task Force, Administrative Structure Task Force, Master's of Science Task Force, Design Profile Task Force, Doctoral Education in Planning Task Force.

4.1.3 Research Development and Administration

Responsibility for oversight of the College's research development, including: representation at Research Associate Dean's Council, supervision of staff support for proposal preparation, and administration of research development and travel budget.

4.1.4 Affirmative Action

Responsibilities as Affirmative Action Coordinator for the College included: membership on the Council on a Multicultural University (COMU); as a member of COMU subcommittee, development of revisions to the University's Target of Opportunity Program; administration of University policy on discrimination and discriminatory harassment; promotion of the College's hiring and student recruitment goals; oversight of programs and events which foster diversity.

4.1.5 Program Administration

Administrative oversight for a variety of College activities which have a significant impact on the academic programs. This responsibility entailed ex-officio memberships on numerous CAUP committees, including:

Executive Committee, Administrative Committee, Library Committee, Lectures/Exhibitions Committee, Space and Planning Committee, and the Faculty Evaluation Processes Committee.

4.2 DIVERSITY INITIATIVES: U-M AND NATIONAL

Hassinger, J., Groat, L. and Reed, B. (1999; 2000) "Women Talking Work and Diversity: Preparing Women Professionals for the Twenty-first Century," Gilbert Whitaker Fund for the Improvement of Teaching (Center for Research on Learning and Teaching, U-M), \$5000 for 1st phase; \$25,000 for 2nd phase.

The project is designed to increase the University's capacity to teach about organizational and professional life, with specific emphasis on the impacts of gender on workplace dynamics and women's lives.

Hassinger, J. Groat, L. et al, (1998) a proposal for expansion and continuation of the IPFP (Interdisciplinary Program in Feminist Practice), submitted to the Provost's Office, University of Michigan, preliminary approval with action pending.

The goal of this proposal is to maintain and expand the IPFP as a support mechanism for women in all the U-M's professional schools and colleges.

Groat, L. and Ahrentzen, S. (1997) letter/ proposal to the National Architectural Accrediting Board (NAAB) for the 1998 Conditions and Procedures for professional degree programs in architecture.

Washington, DC: NAAB.

Among other things, our proposal was to require a program self-assessment process, far more comprehensive than what typically takes place with student evaluations on a course-by-course basis. The rationale for this proposal is that many non-traditional students are not well served in programs that provide a relatively narrow curricular focus and pedagogy. The 1997-98 chair of NAAB has characterized this as "a significant change in the assessment process."

Groat, L., Hollenshead, C. and Wilt, J. (1997) "An Agenda for Women in Business and Architecture," proposal to the President's New Century Fund, U-M, not funded.

The goal was to support program mechanisms and interventions to increase women's participation and success in education and leadership within the fields of business and architecture.

Groat, L. and Sutton, S. (1996) "Excellence in Architecture," a semester-long project including student/faculty workshops, symposium of external speakers, and a survey of architecture program students, Whitaker Fund for the Improvement of Teaching, University of Michigan

The goal here was to provide a participatory process for faculty and students to conduct a comprehensive program-wide self assessment that focused on the following issues: 1) the increasingly varied roles in practice; 2) responsiveness to increasingly diverse populations; and 3) the fostering of collaborative interdisciplinary relationships. Student/faculty workshops resulted in specific recommendations for programmatic reform.

Groat, L. (1995) "Summary Report prepared for the Educational Program Committee," results of a survey questionnaire of U-M architecture program students, using survey form developed by Ahrentzen and Groat for their funded research study (NEA) of architecture students.

This report was disseminated to college and program administrators for curricular and program planning. Among other things, it analyzes the responses of U-M students according to gender and ethnic groups, as well as in comparison to the 650-student sample in the NEA research.

Groat, L. et al (1992) Code of Conduct for Diversity in Architectural Education. Washington, DC: Association for Collegiate Schools of Architecture.

The task force was charged with developing a code of conduct among ACSA member schools that would support the increase in demographic diversity in architectural education. This task force report was circulated to all ACSA faculty and administrators. It provides a rationale and guidelines for achieving diversity within ACSA member schools.

Groat, L. (1989-92) Chair, Women's Issues Task Force, Association for Collegiate Schools of Architecture.

The task force was responsible for 1) development of recommendations for ACSA; 2) the maintenance of an ongoing network among women faculty; 3) oversight of meeting schedule and agendas for sessions at ACSA national meetings, and 4) the publication of a task force report.
