TAUBMAN COLLEGE
CAREER AND PROFESSIONAL DEVELOPMENT

OVERVIEW

A degree from Taubman College of Architecture and Urban Planning presents opportunities throughout your career. From the moment you join Taubman College, you have access to one of the world's largest, most diverse, and most passionate alumni communities through the University of Michigan. "Go Blue" is a unifying statement of pride and recognition of excellence that will expand your network and open doors for you for a lifetime in any setting to which you aspire — from the more traditional firm, nonprofit and governmental options to unique entrepreneurial ventures or corporate environments. Michigan alumni are well-positioned, highly connected leaders who want to help you succeed, and they are engaged in the life of the college through speaking events, Career Fairs, and more.

This report reflects the outcomes for the most recently surveyed Taubman College graduates.

Taubman College Career Fair

98%

of 2022 graduates said their first position was related to their degree

At one-year survey, 72% response rate, 81% knowledge rate.

10,000+

U-M maintains one of the largest alumni networks, with more than 640,000 alumni around the world. Among them are over 10,000 Taubman College alumni working in every state and in 78 countries

“Taubman College not only prepared me for my career, but taught me to take on every pursuit in life with creativity, optimism, and a certainty that there was a way to achieve almost anything.”

CAREER AND PROFESSIONAL DEVELOPMENT

AT TAUBMAN COLLEGE / U-M NETWORK

Students and alumni have the advantage of ongoing skill development, search strategy, and career management resources provided by the Taubman College Career and Professional Development team. The team is a strong complement to students' academic preparation as dedicated professional career staff work within Taubman College to provide assistance and resources specific to architecture, urban planning, urban design, and urban technology.

Serving Alumni and Students

The Taubman College Career Network is a one-stop platform where students (and alumni) can connect directly with alumni who have “opted in” to serve as a career resource, find job and internship postings, schedule career and academic advising appointments, register for career events, and gain access to a wide variety of additional career resources.

Connecting Students and Employers

Each year, the Taubman College Career Fairs facilitate connections with alumni and employers from across the country who are interested in recruiting Taubman College student talent. With virtual and in-person options both fall and winter semesters, our fairs have become increasingly accessible to meet a wider variety of employer and student needs. Portfolio Review and Speed Networking events offer additional opportunities to make connections.

Empowering Students to Explore Career Opportunities

Taubman College's Career Trek program began in 2022, offering groups of students an opportunity to explore several employers in a short visit to one city. Students also gain exposure to a variety of career options through Alumni Career Chats, the January Career Intensive boot camp, and other programming.

The Career and Professional Development team serves both students and alumni at all stages of their career, providing support, resources and strategy regardless of the hiring market.

“Taubman College helped me become an intentional and compelling visual storyteller, which has been valuable in my job. I am able to help guide decision making with clients, demonstrate the impact research can have on design, and facilitate user groups in understanding and participating in design ideas.”

“Coming out of the environment that Taubman College has curated (with confidence and the right mentality) you’ll be setup for many successes. You’ll be able to communicate and comfortably negotiate your way around different situations architecture and non-architecture related. You’re also very likely to become a more fully rounded individual with the capacity to lead and find your way around difficult situations.”
